

LED FLOOD LIGHT

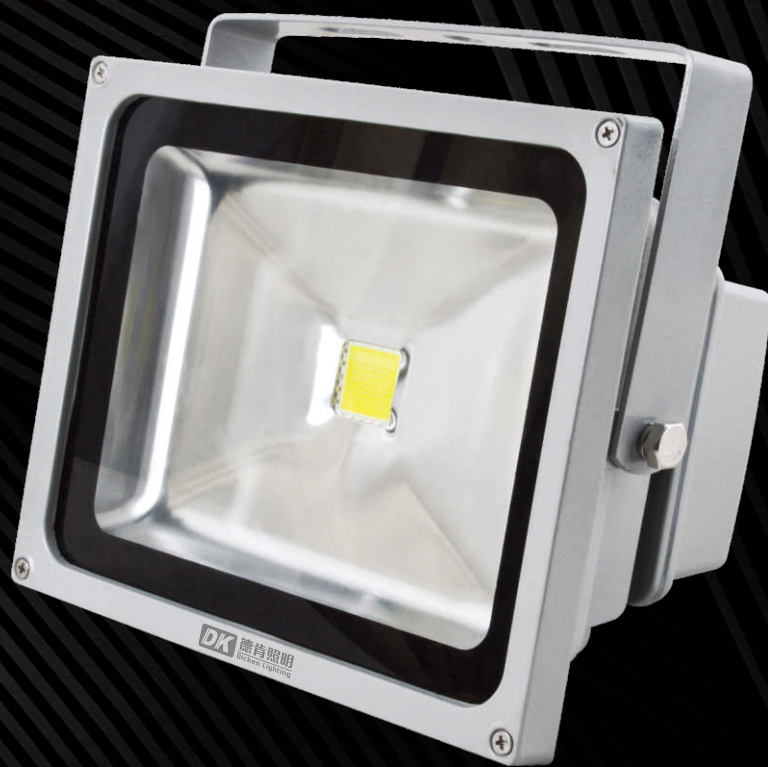

LED投光灯系列

Features

- 1) Using high performance LED power driver, can maximum length the LED light source service life.
- 2) Special waterproof design and circuit board processing, even if the water enter also will not affect the lamp using.
- 3) Lamp shell uses die-casting aluminum, and superficial electrostatic spraying treatment, high corrosion resistance.
- 4) Adopt toughened safety glass lens, impact and rub resistance.
- 5) Unique frame design make the projection angle adjust easily.
- 6) Aluminum specially design to conduct and radiate heat.

Application

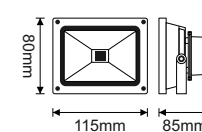

Landscaping building, bridge, club, hotels, stage, parks and plazas etc.

LED STREET LIGHT

LED路灯头系列

产品特点

- 1) 流线型的结构, 优雅简洁的外观与城市街道环境结合;
- 2) 良好的散热性能, 达到低于23K的温度;
- 3) 安装简单, 免工具维护。

Features

- 1) Streamline configuration, graceful appearance combine with the city street environment well;
- 2) Excellent heat radiation character reach a temperature raise below 23K.
- 3) Tool free for maintenance, easy to instal it.

应用范围

室外照明, 街道, 公路, 工厂道路, 桥梁, 公共区域等户外照明场所。

Application

Outdoor lighting, Street, High way, Factory road, Bridge, Public area, etc.

LED

SOLAR STREET LAMP

LED太阳能一体化路灯

Features
All in one, Intergation design
Put solar panel LED lamp battery, and controller all in one box.
Without any cable, easy to install and ship
Longer service life
Easy to maintain and replacement...

Application
Products applicable to residential villas, Park place, factory, rural country road.

LED HIGHBAY LIGHT

LED工矿灯系列

高压压铸铝成型外壳, 高质量表面处理。长久使用不生锈, 经久耐用。超高亮度, 高纯度反射器。重量轻、灯体超薄, 可以在大型场所使用, 亮度似白天。

应用场所: 适用于大厦外墙轮廓、桥梁、景观灯光亮化以及大型场馆装饰照明。

High pressure die casting aluminum shell, Anticorrosion treatment; Not rusted for long time using; Ultra bright; High purity aluminum reflector; Ultra-thin and light lamp body, easier to install in a large place.

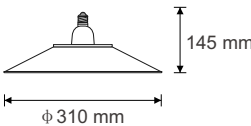

Application: Suitable for building outer wall, bridge, landscape and decoration for large gymnasium.
